Meeting Agenda 3

Date/Location: 23-March-2021 at 08:00 PM via Google Meet video conference.

Information Updates/Reminders
=============================
* The next 5-6 days, we are going to work on Use Case diagrams, User Interface and Database Schema.

* Each of the members should know how to draw use case diagram and Database Schema, and how to write use case details.

Decisions Needed
================

* Decision about the tools that the team will use to draw Use Case Diagram.

* Decision about the tools that the team will use to draw Database Schema.

* Decision about dividing features among the members.

* Decision about the User Interface (UI).

* Decision about general work distribution.

General Items
=============
* Allocate two members to create the Use case diagram and upload the final document on github wiki.

* Allocate each member to complete the details of their assigned Use Cases (i.e., extended use case) and upload the final document on github wiki.

* Allocate team members to design their User Interfaces (UI) and upload the final document on github wiki.

* Allocate two members to generate Database Schema and upload the final document on github wiki.

* Create Trello cards for different actions.

* Create Slack channels for different actions.
